<b>Breakdown of spend of Sports Funding in 2015/16</b>	
£2,221	Sports coaching with CPD
£737	Cluster sports activities coordinator
£850	PE coordinator release time to monitor
£400	After school sport coaches
£402	Broadening types of sport taught e.g. golf, bell boating
£800	Transport to cluster events
£500	Staff training/CPD
£2513	Equipment
<b>Curriculum Focus of Sports Funding 2015/16</b>	
To increase cluster event participation and opportunities.	
To improve staff confidence in teaching PE	
To improve resources to enable a wider range of sporting activities to be available to all children.	
To increase after school sporting opportunities	
<b>Measuring the impact of Sports Funding spend</b>	
<b>Provision</b>	<b>Impact</b>
After school sport	Children have access to a wider range of sports taught by specialists. Children and parents report this has a positive impact. Some children have also joined local clubs after participating in these events.
Broadening types of sport taught e.g. golf	Children have used a range of skills and have developed their personal skills e.g. working as a team by participating in these events. They have also had the opportunity to widen their knowledge of a range of sporting activities.
Transport to cluster events	Children have participated in a range of cluster events and competitions. Every child in the school has had the chance to take part in these events e.g. year 1 multi skills, year 3/4 cricket. This gives children the opportunity to take part in competitive sport with other children.
Staff training	Staff have been trained in developing indoor multi skills equipment to teach children a range of fitness strategies and activities.
PE coordinator release time	The PE coordinator has been able to monitor many aspects of PE e.g. participation, lesson structure as well as carry out pupil interviews and questionnaires to gain pupil views and adapt PE accordingly.
Equipment- mat, sports day resources, rounders equipment	The impact of this has been higher quality PE lessons with equipment that is fit for purpose.
